JUST ANNOUNCED: Three-Year Career-Focused Bachelor's Degree

JWU's new **three-year career-focused bachelor's degree programs** offer a faster path to graduation, helping you save on tuition and enter your career sooner. Taught by the same industry-experienced faculty who teach our traditional four-year programs, they deliver the same rigorous academics, outstanding value and specialized career pathways as our four-year programs.

Online programs offered*:

- **Computer Science**
- **Hospitality Management**

Johnson & Wales College of Professional Studies (CPS) is proud to announce its selection as one of the 2024 Best Colleges for Online Bachelor's Degree Programs in America by Money.com.

Money.com partnered with College Factual to conduct its assessment of the top online colleges for bachelor's degree programs based on overall value. Factors among the methodology include affordability, educational quality of the program, graduation and employment rates, and available student resources. From there, the institutions were ranked on a five-star scale, with JWU College of Professional Studies achieving a four-star ranking.

STUDENT SPOTLIGHT

Yee Tran '24, MBA – Hospitality

“As an immigrant, I did not expect to go this high in my education. I cannot deny the benefits of studying and earning the degree; however, education is not just about a degree. The effort we put in and how we push ourselves to overcome challenges sharpens our minds and makes us each a stronger person.”
